Changes to investment objectives & asset allocations for the AMG Multi-Manager Diversified Options

The Trustee in consultation with the Fund's asset consultant, recently completed a review of the AMG Multi-Manager Diversified Options and the AMG MySuper option. As part of this review, the asset consultant assessed the current asset allocation, investment objectives and standard risk measure for each option. It also performed stress and liquidity testing.

Where appropriate the asset consultant made recommendations to change the asset allocations for the AMG Multi-Manager Diversified Options. The Trustee has elected to adopt these recommendations, and these changes will come into effect on 1 April 2022. The tables below provide a side-by-side comparison of these changes. You should familiarise yourself with these changes and how they impact you. You can view your current investment choice by accessing your account online at www.amgsuper.com.au. Note that if you have not previously registered for online access, then you will need to call us on 1300 264 264.

Please note the changes to the asset allocations will not impact your selected investment strategy. You can change your selected investment options at any time. Simply complete and return an Investment Switch Form which can be found on our website www.amgsuper.com.au/pds-and-forms.

Change of group insurer for the Fund

In December 2020 Hannover Life RE (ABN 37 062 395 484) announced that they would be exiting the direct group insurance market to focus on reinsurance. As a result, AIA Australia Limited (ABN 79 004 837 861) will be taking over the existing insurance arrangements as the group insurer for the Fund with an expected transition date of 1 April 2022.

As part of this transition there are no changes to the insurance terms, conditions and premiums for Fund members.

A correction has been made to the total & permanent disablement cover terms for members who are on employer approved leave for more than 24 months. The following text is currently displayed in the Additional Information Booklet under the section titled 'employer approved leave':

Effective 1 April 2020, this text is updated to the following:

*After 24 months and until you have **returned to work and are in** Active Employment for 30 consecutive days, you must satisfy either Part 3, Part 4, Part 5, or Part 6 under the definition of Total and Permanent Disablement.*

Changes to the default occupation classification name

As part of annual benefit statements issued in October 2021, a separate communication was enclosed notifying relevant members that the 'Standard' occupation classification has been updated to 'Non Office Based'. The purpose of this change is to improve the description, so it is easier to understand the usual activities associated with this occupation classification. A copy of this communication can be viewed on our website www.amgsuper.com.au/prescribed-information.

If you think your occupation is office based you can apply to change your occupation rating by completing an Occupation Rating Form, www.amgsuper.com.au/occupation, or by contacting us directly. If you complete a change in Occupation Rating Form the change in occupation class will occur on the date we receive your signed declaration.

If you have recently joined the Fund and we receive a signed Occupation Rating Form within 90 days of the date of your Welcome Kit and 120 days of joining the Fund, we will backdate any change in occupation classification for the purposes of calculating your insurance premiums.
