

Take Control of your Super

Given that at least 10% pa of your salary goes into Super, it makes sense that you should know what you are invested in, the fees you are paying and how your fund is performing. Taking the time to review your Super is an easy process and can have a major impact on your Super balance at retirement.

The Process

Investment Flexibility

- Direct Shares incl. ETFs & LICs
- Managed Funds
- IPOs
- Term Deposits

Member Tools

- Comprehensive portfolio reporting
- 24/7 Account access

Insurance

- Flexibility to choose the right insurance provider for your needs
- Funding your Death, TPD and income protection through your Super
